worry, and in so doing he touches on a wide range of subjects of vital importance to the public well-being. All interested in religious and social questions will find the book most informative and suggestion the purpose of one's being." Dr. Salesely boldly declares. "It is to fail—to fail for others, and it is to fail to fail for others, and it is

form of goitte."

The many ways in which worry manifests itself is shown in a succession of chapters dealing with worry in lineary soury and boredon; worry, drugs and drink; worry, and action; worry in childhood; domestic worry; worry and sex; the goal old age; worry and sex; the grand of worry. And all these are full of striking illustrations.

In writing of "Worry and Disease," Dr

illustrations. In writing of "Worry and Disease," Dr. Saleeby says:

The piles of crutches at Lourdes indicate read cures of read diseases. The cures wrought by Christian Seisence are real cures. Faith-heading is a fact. Neither faith nor Mrs. Eddy can remove mountains – or kill a headilist—but a remove mountain or the second of the cure with the surface of the cure which the united wind. Turnibe makadies exist which the united wind. Turnibe makadies exist which the united wind with the surface of the curt which would yield instantly and finally to the nonsensical jabbering of an immort inhecite if only the patient's mind were affected thereby. These are scientific facts, as certain and as important as the infectiousness of cholers, the germ causation of tuberculosis, or the triumphs of Listerian surgery.

In another place, speaking of Christian Science, he says:

If proof of the power of the mind in relation to hysteria and all forms of functional anerous disease be desired, the mere of an error of the sease the desired, the mere of the contraction of Christian Science will provide it. Christian Guiral of Christian Science will provide it. Christian Guiral of Christian Science will provide it. Christian Guiral of Christian Science will provide it. Christian Science will provide it. Christian Science will provide it. Christian Science will see that to worry and to fear must be attributed all the ills that fishe is helie to. And this is true of such an amazing proportion of these ills that Christian Science were stem. The re-

such an amazing proportion of these that Christian Science cures them. The ligion that has this kind of survival va vill sprvi

Inclient Creek MS. Discovered.

The learning of the ancient Greeks has not et after 2,000 years yielded up the last of its ecrets. It is claimed for a Danish scientist, M. feiberg, that he has quite recently discovered in a palimpsest in Constantinople abitherto uncommond. on mathematics by Archimedes. known work on mathematics by Archimedes. The MS., which is entitled "On Method," and The MS, which is entitled "On Method," and is dedicated to Entosthenes, relates (says the "Globe") to the applying of mechanics to the solution of certain problems in geometry. To be brief, there is in this ancient Greek MS, developed with remarkable boldness, a method that may be said to bear a strong resemblance to the integral calculus of our modern days, and capable of being used for the solution of problems reserved for the genius of Lishnitz and Newton eighteen centuries later.

#### THE FINANCIAL CRISIS

BOURSE AND BANKING COMPANY OF EGYPT LIMITED.

An extraordinary meeting of the members of the Alexandria Stock and Sharehrokers Association was beld in the Reading Room of the Alexandria Borres thin morning. The three questions are all the properties of the Association was present as the affairs of this company have attracted a great deal of attention. The committee was formed as follows: Messrs. Clement Starces, Carlmann, Alfred Nahman, & Mercinier, who represents the firm of Ardrit, Dimitri Caralli, Carlmann, Alfred Nahman, E. Mercinier, who represents the firm of Ardrit, Dimitri Caralli, Description of the Clement Starces, opposite the meeting and stated that he had received a petition signed by the majority of the members of the Association, dated 22nd June last, wherein it was attent that conjust of the Percentage of the Association, dated 22nd June last, wherein it was attent that conjust the theorem of the Association of the Egyptian market in the present in the Association of the Egyptian market in the present in the Association of the Egyptian market in the present of the Association, dated 22nd June last, the present of the Association, dated 22nd June last, the present of the Association of the Egyptian market in the present in the Association of the Egyptian market in the present of the Association of the Egyptian market in the present of the Association of the Egyptian market in the present of the Association of the Egyptian market in the present of the Association of the Egyptian market in the Present of the Association of the Egyptian market in the Present of the Association of the Egyptian market in the Present of the Association of the Egyptian market in the Present of the Association of the Egyptian of the Egyptian market in the Present of the Association of the Egyptian o

were to be considered valid without delivery of the shares, and the value of the shares was to be considered: as being activately on a basic section of the shares of the considered as being activated on the price and the price and without descript of treated at the price and without of the price and the price and the price and without of the price and the price an

in agreement, and if the shares were delivered town, their clients could insist on a settlement by presenting their shares. We brokens are, be said, deing a favour to the Company by our policy and the Company onght to show its gratitude to set by withdring their shares for that if legal proceedings were resorted to by the persons interested, they would meet, with many obstacles and all dealings had to conform to the rules of the Borne. Mr. Mirissi supported Mr. Rossano and said that suppossing their clients cannot be them with the suppossing their clients cannot be them with the what could they do! The question of the founders shares must be settled now. Mr.

shares in their nation arter the time proposes, what could they do? The question of the what could they do? The question of the Arthritish of the time of time of the time of time not keep their shares, as in certain cases the bank would insist on delivery of the shares due to them. Maitre Mercinier answered that the scheme would apply to all, banks as well. If the proposal was adopted it-would be beneficial. Brokers could not be made lankrupt as they were protected by the decision of the association, and that the project must be adopted in view of the intense crisis

must be adopted in view of the intense crisis, more existing. If the parties interrested went to law with their brokers, the latter could not be digated insolvent. It was a question for the law to decide, and either party could gain the day in the law course. The dealings in this Company's shares were abnormal. As transactions in the shares lattachen place before the shares arrived, the settlement could be postponed indicated by the directors of the Company. The Company had made a proposal, if the parties of the Songary and the settlement could be postponed in the parties of the Company. The company had made a proposal, if the parties of the Songary is to law. But, he said, an arrangement, even a had one, was better than a long lawwiit. The scheme ippoposed was loyal, honest, and sail-

tions were very few

' FRANCE AND' ITALY.

GARIBALDI STATUE UNVEILED.

AFFIRMATION OF FRIENDSHIP.

Paris, July 13.

Speaking at the unveiling of a statue to Garibaldi here, M. Piehon said that, thanks to Garibaldi, France and Italy can to-day solemnly affirm a firedaship which was the outcome of common memories. A misunderstanding between the two countries would be a deplorable error.

(Reuter) Paris July 13.

PARIS July 13.

Messrs. Pallières, Clemenceau, and Picho and General Picquart assisted at the unveilin of Garibaldi's statue. M. Pichon emphasized it is speech the necessity of Franco-Italia friendship.

(Havas

#### FRENCH NATIONAL FETE.

EXCITEMENT IN PARIS

Paris, July 14. PARIS, July 14.

The review of the troops was most brilliant.

The manœuvres of the balloon "Patrie" over the Hippodrome were greatly admired. At the moment when the presidential cor-At the moment when the presidential cor-tige, returning to the Elysée, passed into the Avenue Marigny, Maillet, an "inserit mari-time" from Bouen, fired two revolver shots into the air. He was arrested and declared that he wanted to attract attention. He is believed to be insane. (Haeas)

Paris, July 14 M. Fallières was returning from to-day's review at Longchamps when a man fired two shots from a revolver at the procession in Avenue Marigny. Nobody was hurt. The man was arrested. He is believed to be mad. (Later). There is no doubt that the man who fired at the procession was a maniac. He fired in the sir.

#### DECLARATION OF WAR.

PROPOSALS AT THE HAGUE.

THE HAGUE, July 13 THE HACUE, July 13
The sub-committee has adopted, with two
abstentions, the French proposal regarding of
declaration of war. The reservations made by
Great Britain, United States, and Japan have Great Britain, United States, and Japan have been withdrawn and the Dutch amendment rejected. Other amendments providing for a state of war not to commence for neutrals till, say, 48 hours after the declaration are under discussion. The Chinese delegate urged the necessity of defining war, as war was some-times made on China under the name of an expedition. (Reuter.

#### \* ORIENTAL AND EUROPEAN.

one possesses the necessary imperiality; and composition oritofic to be sale to decide a control of the sale to decide the sale of the sal and an Arab, and to forget this fact is to be slavery. Yet much will be lost to the workdled upon a fatally erroneous path of argument. In his very able introduction, summing pearance of Mohamedan states. But Far

and an Arah, and to forget this fact is to be led upon a fatally erroneous path of argument. In his very able introduction, summing the upon the main features of his experience in the Far East, Sir Charles Eliot suggests that the Far East, Sir Charles Eliot suggests that the carried and evilusiations of the world as now existing imay be divided into four main types,—Euro pean (including the white mose all over the search). Mohammedan, Hindu, and Chinese, pean (including the white moses has the entral fact of Christianity in common, and enjoys joint ownership of the great mechanical discoveries which have done so much in the last century to motify the facts of humains, for all its Asiatic origin, must be regarded as an essentially European religion, for it has formed to the confines of the white mose. Our author doubs, the fact is responsible for the material, its out that this has been least striking where the clergy have most power, as in Spain all, Itsasis. Pethaps he has here failed to dealed a pertent of the most terrible kind. unquestionable. Ine civilisations of Western Asia, as far as the Chinese frontiers, are less questionably the outcome of the domi-nant religions, Mohammedanism and Hird duism. Neither of them is likely to have any extended future before it. Islam,

ugh essentially proselytising, has been re ined within well-marked limits, owing t though essentially proselytising, has been re-tarinated within well-marked limits, owing to our recognition of its dangers, as illustrated by the long struggle of Esstern Burpos against the part of the control light to save the part of the control light to save the part of the control light to save greative, and is practically confined to India. When we come to the Chinese sphere, includ-ing Japan, we are confronted with a new set of conditions, much more closely recalling those of Berope. Religion here has less to do with the dominant type of critication than in any institution is an excellent, sane, prossio, institution is an excellent same, prossio,

other part of the world. "The basis of Chinese institutions is an excellent, sane, prossio, moral philosophy," which can hardly be called a religion at all. Japan has nothing that can be callede at all. Japan has nothing that can be callede at all Japan are neither finantical rorry. China and Japan are neither finantical rorry. China and Japan are neither finantical ror do both countries that their old policy of obth countries that their old policy of or both countries that their old policy or can only be preserved by force of arms, Japan recognised this fundamental truth in the last generation, and the thoroughness with which she has adapted herself to the nice Japan recognised this fundamental truth in the last generator, and the thoroughness with which she has adapted herself to the new conditions is one of the most surprising facts are conditions. In our of the most surprising facts awakening to it, and the history of the most had control in the Fer East will probably be dominated by this recognition, in which Japan is likely to take a very important share. Sir Charles Bliot has thus been led to the conciliation—shared, by most competent publicate—that the Chinese and Japanese are desfined to become one-diet de dominant Eforem; in the Pacific, and to be brought into acute rivaley with the control of the control

utery, since it is the keynote and the con "I would not call this the Vellow Peril for I

"I would not call this the Yellow Peril, for I do not myself feel the danger. European civilisation is not, to my mind, so perfect that any alteration or amalgamation with other schemes of life would degrade it, or that humanity would be a loser if it does not be-come paramount in all parts of the globe. No

\* Letters from the Far East, By Sir Charles Eliot.

one possesses the necessary impartiality and cosmopolitan outlook to be able to decide

The "Globe, "ays:—" and "a correspondent has received from West Africa a remarkable photograph from the inhierland of Aorer of a native woman and six children, all horn at a birth. The fact is, we should imagine, without, a parallel, the other contraction of the contraction of t this time of day be received with comparative

GAINED 17 LBS.

IN WEIGHT SINCE USING DOAN'S BACKACHE KIDNEY PILLS.

Standish, new Wigan, Baghad.
Your Doan's Backache Kidney Pills have been worth their weight in gold to me. Before using them I had long been a sufferer with the standing the second of the second of

vorat times during the might.

Sometimes on rising in the mornings I searely dared to draw my breath, because of the
wful stabbing pain in the back. I got reduced
a very low state, and though I tried many
edicines, nothing relieved me except your
ultimes, mothing relieved me

pills.

I am sure you will alaze my joy when I tell you that I have been splendidly cured by Doan's Backsche Kidney Pills. I get up in the mornings now without feeling the slightest pain in my back; and I have gained 17 lbs. in weight. Fower my splendid cure to Doas's Pills, and I abalil be only too glad to recommend them.

mend them.

Believe me, yours faithfully, (signed) J. DANIELS.

Some months later our representative has the pleasure of seeing Mr. Daniels, who declar cell misself to be stiff enjoying good health an freedom from kidney complaint.

of brausiff to be sistle enjoying good health and revedom from kinger complaint. We filter out from 3 lbs. to 4 lbs. of watery waste (crino) every day. You can goon tell when this work is not being properly dose, because the impuri-ties will cause mirrainy disorders, gravel, pain of the weather will affect you, making you feel insemble, weak and nervous, watery weelings may appear beneath the eyes or in the ashless.

may appear oneman nor eyes or in the annex.

Dean't Societae Kinny prince, by reviring the society of the sidneys and restoring a natural action to the connective organism. You will then feel stronger and better in every sway and won't be likely to catch colds or chills.

Doan't Kidney Pills are for sale by all chemists and draggists at 13 P.P. per box, or 71 P.F. for e box or 12 P.F. for e box or 12 P.F. for e box or 13 P.F. for e box or 14 P.F. for e box or 1
